Re: Training Hours

With the inception of the new training system we realize that it is requiring additional time to enter hours into the new system, therefore it was decided at the December Fire Commission meeting to extend the year end deadline. **THIS DOES NOT MEAN THAT THERE IS ADDITIONAL TIME TO COMPLETE TRAINING**, merely that there is additional time to enter hours into the system. All training still needs to be completed and DOCUMENTED by December 31, 2009. The extension for the input of hours shall run through March 31, 2010. Make sure to keep a hard copy to verify that training hours were completed prior to the December 31, 2009 deadline.

Mary Adams is working to return all phone calls and continues to train on the new system. Should you have questions please feel free to call the office at 859-256-3475. Please allow time for Mary to return your call and assist with your training needs.

HOLIDAY CLOSING WILL BEGIN ON DECEMBER 21, 2009 RETURNING ON JANUARY 4, 2010.
