Kentucky Fallen Firefighters Memorial

Juniper Hill Park, US 60

Frankfort, Kentucky

You have a unique opportunity to be part of the future history of Kentucky's Fire Service. This is a once in a lifetime chance for you to.....

MAKE A DIFFERENCE!

The Kentucky Fallen Firefighter's Memorial is a cooperative effort of the Kentucky Firefighter's Association, Kentucky Professional Firefighters Association and fully supported by the Kentucky Fire Commission.

Please support this lasting tribute to our fallen firefighters

The memorial is a tangible tribute to those individuals who have made the ultimate sacrifice in the line of duty.

Raising over 19 feet in the air is one of the memorials focal points, a stainless steel mul-

tifaceted Maltese cross, the national symbol of firefighters. Supporting this cross is the massive polished black granite obelisk. The obelisk's pedestal is hand etched with a collage of firefighters

in action, using many different types of equipment and in different firefighting situations. The two polished black granite wings, both left and right of the pedestal, have been designated for the names of all our fallen firefighters to be permanently engraved. At the present time there are more than 210 names on the wall.

These engraved wings are followed by two red granite panels with both the Kentucky Firefighter's Association and the Kentucky Professional Firefighters Association emblems engraved.

From the top of the stainless steel Maltese cross to the granite paver sidewalk leading up to the granite plaza, this monument is a permanent and much needed tribute for us all.

You have the opportunity to participate in this lasting memorial project. As stated above, the panels on the left and right have the names of our fallen brothers and sisters who lost their lives in the line of duty. However, the paved walkway leading up to the memorial can be engraved with the names of other firefighters who have served diligently for many years and have slipped from our presence. Their presence and service in the local community will be missed with the same feeling of loss. Pavers may also be engraved with the names of organizations or association. By purchasing one of the pavers you are ensuring the completion and maintenance of this project and at the same time honoring a firefighter who has passed on or one still living and serving.

The price of the pavers is dependent on its size and is listed on the back side of this brochure.
